About the  
**Lois Bronz Children's Center**

At the Lois Bronz Children's Center (LBCC), we believe that every child is born with promise. It is this promise we nurture by creating an environment where each child can reach his or her full potential. For over 42 years, LBCC has embraced this philosophy, providing a consistent base of support for children and families in Westchester.

At LBCC, we know that great leaders are not born; they develop through engaging activities, a supportive community, and a solid education. We have seen our children fulfill their promise, becoming leaders in: politics, business, the community and more importantly, their own lives.

Join us as we support our families and nurture our next generation of leaders.
