

STOP COUNTY EXECUTIVE ROB ASTORINO'S CHILD CARE BUDGET CUTS

We the undersigned, recognizing the value of high-quality child care in Westchester County and knowing that many parents can only continue to work because their children are in secure child care programs, protest that County Executive Robert Astorino has unilaterally cut \$1.5 million in vital day-care funds by eliminating the Westchester County Child Care Scholarship program, freezing new admissions to Title XX child care subsidies, and doubling parent contributions. We demand that the Westchester County Executive reinstate full funding of all child care programs for Westchester's working families.
